

Productivity with a twist

## HP Compaq 2710p Business Notebook PC

Starting at only 1.65 kg and 28.2 mm thin, the HP Compaq 2710p Business Notebook PC is packed with HP innovation to offer you all the functionality of an ultra-light notebook plus the added flexibility of an ultra-slim tablet PC.

### **Unique widescreen display and writing surface**

A 12.1-inch diagonal widescreen Illumi-Lite display provides you with a slimmer and lighter notebook that is more energy efficient than with traditional LCD backlighting. The chemically-strengthened glass top will not wear down with repetitive use, and resists the effects of "pooling". The optional outdoor view display delivers a significantly better display appearance when working in bright light conditions.

### **Redefining what you can do on the go**

Video and web conferencing, video-enhanced instant messaging, and VoIP <sup>1</sup> are all made easy with dual-microphone capability and an optional integrated camera. You can even capture business card images and automatically convert them to text. Use the optional HP 2700 Ultra-Slim Expansion Base with integrated DVD+/-RW drive as a docking station in the office, or take it with you while on the go. Across the street or across the country, stay connected in more places with HP Broadband Wireless <sup>1</sup> which can also be added at a later date.

### **HP Professional Innovations help you focus on your business**

Built to protect. An array of multi-layered security solutions can be tailored to help defend your network, applications, and data. The new Drive Encryption for HP ProtectTools encrypts all information on the hard drive volume so it becomes unreadable to an unauthorised person. Built to simplify. Boost your productivity in low-light conditions while maximizing simplicity with the HP Night Light that shines directly on your keyboard. Built to last. Reliable features such as HP DuraKeys, HP DuraFinish, full magnesium alloy enclosure, and HP 3D DriveGuard help your notebook go the distance.

HP recommends Windows Vista™ Business.

---

## Recommended accessories

---

### HP Executive Leather Case

Work and travel in style with a professional exterior that perfectly compliments its functional interior. Store your notebook, mobile phone, media devices and other accessories knowing that everything remains easily accessible and safe from damage.

---

Product number: RR316AA

---

### HP Kensington Security Lock

Peace of mind in an instant. This handy cable lock device attaches itself to your hardware and is then secured to an anchor point in your workspace, ensuring your hardware remains exactly where it should.

---

Product number: PC766A

---

### Auto/Air/AC Smart Adapter - 65W

With the HP 65 W AC/Auto/Air Combo Smart Adapter you can experience true power-charging flexibility at work, at home, and your car. Just use the "charging switch" to select the right voltage levels, and even power your notebook while on a plane.
