

17" thin client LCD monitor

- mountable design
- MagicTune
- MagicRotation
- Innovative Power Saving

Server-based computing is the future of network computing. The SM711LT rides the crest of the wave with its ultra secure enhanced security features and ultra efficient reduced total cost of ownership. With dedicated thin client capability it is not only an exceptional monitor, it is also a remote graphical desktop you can trust.

mountable design

Wall and Arm Mount Design  
 - VESA wall-mount compatible design providing maximum functionality and flexibility.  
 Designed to meet VESA standards to accommodate any environment whether on a desk, on the wall or set to any position with an arm mount.

MagicTune

Control each OSD with a mouse.  
 MagicTune software provides a convenient software OSD interface. Enhanced OSD GUI improves interaction with the user and understanding of functions.

MagicRotation

MagicRotation provides the user with a rotation feature (0,90 degrees) that facilitates the optimum utilisation of the computer display screen.

Innovative Power Saving

DPMS (Digital Power Management System) intelligently monitors the conditions of the display use and uses less than 1W in stand-by mode. The SM711LT is economically and ecologically friendly.

<b>Display</b>	<b>Screen Size</b>	17"
	<b>Resolution</b>	1280 x 1024
