

A wide-aspect 30-inch LCD monitor with outstanding display quality and enhanced flexibility.

HP LP3065 30-inch Widescreen LCD Monitor

The HP LP3065 Flat Panel Monitor offers best-in-class performance and presentation features on a stunning 30-inch wide-aspect screen well suited for power users, designers, content creators, and professionals working in visualization who need the best color and highest resolution available.

Advanced features

Get amazing crisp, clear, high-definition views of the work you've invested your time and talent in creating with presentation features such as 1000:1 contrast ratio, sharp, high graphics resolutions up to 2560 x 1600, 92% color gamut, and an extra-bright wide-format 30-inch screen¹; Position the monitor for the way you work best—wide 178 x 178 degree viewing angles enable viewable sightlines from anywhere in the room; If you prefer to work simultaneously with multiple units, this monitor's thin bezels allow seamless tiling for uninterrupted panoramic data and graphic displays; Take advantage of smart software—HP Display Assistant lets you adjust the display through software instead of the on-screen display (OSD); Minimize clutter on the desk or mount the monitor flush with the wall, thanks to the integrated power supply that eliminates bulky "power bricks" and improves cable management

Improved user comfort

Along with a variety of mounting choices, the HP LP3065 monitor helps you achieve the most comfortable viewing position with a height-adjustable base, tilt, and swivel features. With three Dual Link DVI-D interface connectors you can connect up to three different workstations to a single display. The HP Quick Release² (included) allows wall mounting once the stand is removed.

Investment protection

The HP LP3065 monitor helps you maximize your investment protection with easy device connectivity through the built-in USB hub, so you can connect peripherals such as the optional HP Speaker Bar through the monitor instead of at the PC.

Quality, reliability, and support

The HP LP3065 monitor is just one more product that comes with the HP-standard peace of mind. The monitor is fully tested and qualified for out-of-the-box functionality and compatibility with HP desktops, workstations, and other products. The three-year limited warranty is backed by HP service and support from 65,000 IT service and support professionals in 160 countries around the world.

HP LP3065 30-inch Widescreen LCD Monitor
