

Stylish affordability. 17.3-inch diagonal high-definition display, Intel processors

Windows®. Life without Walls™. HP recommends Windows 7.

## HP ProBook 4710s Notebook PC

The HP ProBook 4710s Notebook PC lets you think big and work big at a price you'll appreciate.

### Technology to get the job done

The HP ProBook 4710s Notebook PC boasts a sleek design that packs an array of features normally reserved for more expensive notebooks. Available in a new glossy Noir finish, with a chiclet keyboard and separate numeric keypad, it delivers refined simplicity with a clean design and the latest Intel® Core™2 Duo processors <sup>1</sup>.

With the low-profile 17.3-inch diagonal, 16:9 HD+ <sup>2</sup> LED-backlit display, you get improved brightness, contrast and clarity from a screen that is more power-efficient than regular LCD screens.

Choose between high-performance ATI discrete graphics, featuring dedicated video memory, or integrated Intel UMA graphics <sup>3</sup> that balance memory usage between graphics and the system.

Whether you're across the street or across the country, integrated Wi-Fi CERTIFIED™ WLAN <sup>4</sup> and Bluetooth® help you stay connected wherever business takes you.

### HP Professional Innovations help you focus on your business

Built to protect. Integrated, customizable security solutions help defend your network, your applications, and your data. File Sanitizer for HP ProtectTools <sup>5</sup> can permanently delete individual files, folders and personally identifiable information from your notebook.

Built to simplify. HP QuickLook 2 <sup>6</sup> provides read capability of email, calendar, task and contact information in seconds at the touch of a button, without having to boot up.

Built to last. HP 3D DriveGuard helps protect your notebook's hard drive against impact, bumps, or drops using a three-axis accelerometer which detects any sudden movement and initiates protective action, so your critical information is protected while you are on the move.

Built to conserve. HP Business Notebook PCs are designed to reduce their impact on the environment by eliminating or reducing substances of concern, using fewer resources, reducing energy consumption and designing for recyclability.
