

HP EliteBook 8740w Mobile Workstation Power to Perform

HP's most powerful Mobile Workstation with advanced graphics and performance and a 43,2 cm (17.0") diagonal display

Windows®. Life without Walls™. HP recommends Windows 7.

Billion color possibilities

Choose the 43,2 cm (17.0") diagonal LED-backlit WUXGA+ anti-glare display with exclusive HP DreamColor display technology. Produce accurate and consistent color for precise results every time.

Enhance performance to accomplish more

Boost on-screen performance with the ultimate workstation-caliber graphics from ATI and NVIDIA with 1GB video memory. HP's extensive ISV certification program ensures reliable performance across the most demanding workstations-specific applications.

Enjoy new performance levels with the new 2010 Intel® Core™ i5 and i7 processor families. The quad-core configurations can accommodate up to 16 GB of memory capacity. The back-lit keyboard simplifies typing in low light.

Reliability from our legendary quality measures

Starting at 3.57 kg, this Mobile Workstation combines premier design with rugged construction. With a gunmetal finish, the HP EliteBook 8740w is designed to meet tough military standards (MIL-STD 810G) for vibration, dust, humidity, altitude and high temperature.

Built to simplify. HP SkyRoom provides convenient video conferencing directly from your notebook with the ability to conference up to four people at a time.

Integrated HP Mobile Broadband allows convenient access to the internet and e-mail in more places than ever. Integrated HP Mobile Broadband also includes a Global Positioning System (GPS) receiver that supports NMEA-compatible applications, which are often used for asset tracking, mapping or navigation. HP QuickLook 3 provides quick access to email, calendar, contacts and tasks at the touch of a button without long boot-up time. HP QuickWeb grants access to the web in seconds... even if your notebook is turned off.

Built to conserve. HP Power Assistant measures and logs reported platform energy usage and delivers comprehensive reporting (time, watts, energy cost and carbon footprint).

THE
COMPUTER
IS PERSONAL
AGAIN.
